Course Description
This course examines processes and issues related to the public display of culture. It explores the political economy of exhibiting and performing cultures across a range of diverse settings including: world fairs, museum venues, cultural festivals, art galleries, tourist floor shows, trade fairs, and theme parks. Topics include: the history of cultural displays and associated institutions; the relationship between institutions and communities; the differences among the distinct exhibitionary frames, the patterns of consumption and production, and the diverse communicative processes involved in interpreting and experiencing the display and performance of culture.
