3.00

**Course Description**

This course explores the different factors that influence people to choose a certain career. It also discusses what career counselors need to do to help direct this search. The course examines the definition and procedure of career counseling, how counseling systems are different from the one in other countries, how psychology affects people's decision for their career, factors that concern men and women the most when they choose a job, and the role and responsibility of a counselor.
