3.00

### **Course Description**

This course introduces students to the study of world politics from both theoretical and historical perspectives. First, it critically examines major theoretical approaches in the field of International Relations and applies them to a wide range of past and present world events. The central aim of the course is to help students think critically about international politics. Key topics include wars, ethnic conflicts, international trade and finance, globalization, nuclear proliferation, climate change, terrorism, pandemic, and other issues of global significance.
