Course Description

This course provides a study of sociology of the family. Topics covered include: introduction to theory and research in the field of sociology of the family; family, childhood, and life cycle; transformations in family models from a non-androcentric perspective; family diversity and sole parenthood; families, technologies, and assisted human reproduction; family policies in the context of welfare regimes; families, inequalities, and exclusion; gender-based violence and families. Focus is placed on data gathered relating to Spanish and European family units.
