Course Description
This course provides a practical overview of the field of people management and introduces management issues that employees encounter in the workplace. It looks at current knowledge about human behavior in organizations (e.g. motivation, teams, leadership, power, diversity) and helps in developing the skills necessary to work with and manage people. The objective of the course is help future business science graduates approach people management in a fair, sustainable, and productive way. Assessment: coursework (60%), final exam (40%).
