RETHINK CAPITALISM

**UCEAP Quarter Units**

6.00

**UCEAP Semester Units**

4.00

## Course Description

Western Capitalism is in crisis, with low and unstable growth, falling investment and living standards, widening inequality, financial instability and the growing threat of climate change. This course from the UCL Institute of Innovation and Public Purpose (IIPP), administered by BASc, will provide a critical perspective on these challenges by examining the underlying economic and political theories that helped to create them and introducing students to alternative theoretical frameworks and policy approaches.

## Language(s) of Instruction
