3.00

Course Description

This course analyzes the international behaviors of China and their economic, diplomatic, military and cultural stances. The course reviews the implications of the rise of China, the contrasting evaluations of the international community on it and the Chinese responses to them. The course examines China's involvement in international settings, including Sino-American relations, Sino-Korean relations and China's relations with Asia. This is a discussion oriented seminar course. Active participation is required. Assessment: midterm exam (20%), final exam (50%), presentations, attendance and participation (30%).
