

## COURSE DETAIL

### ECOLOGY LAB

**Country**

Taiwan

**Host Institution**

National Taiwan University

**Program(s)**

National Taiwan University

**UCEAP Course Level**

Lower Division

**UCEAP Subject Area(s)**

Biological Sciences

**UCEAP Course Number**

21

**UCEAP Course Suffix**

L

**UCEAP Official Title**

ECOLOGY LAB

**UCEAP Transcript Title**

ECOLOGY LAB

**UCEAP Quarter Units**

1.50

**UCEAP Semester Units**

1.00

### **Course Description**

This is a lab course intended to complement the lecture course (ENT3003). It is designed such that students who are concurrently enrolled in ENT3003 can have a better understanding of selected topics covered in the lecture course. Students cannot take the lab course without concurrently taking the lecture course. Students who had completed an equivalent ecology lecture course in a previous semester may be allowed to take this course, but it is not recommended to do so because the lecture (ENT3003) and the lab (ENT3020) are not designed independently.

### **Language(s) of Instruction**

English

### **Host Institution Course Number**

ENT3020

### **Host Institution Course Title**

ECOLOGY LAB

### **Host Institution Campus**

### **Host Institution Faculty**

College of Bio-Resources and Agriculture

### **Host Institution Degree**

### **Host Institution Department**

Entomology
