**UCEAP Semester Units**

2.00

## Course Description

European Union (EU) competition law, along with US antitrust law, are two main streams in the world's competition law, each having their own unique features influenced by various economic theories. This course analyzes the basic framework of global competition law and the leading principles and cases of EU competition law.

In practice, economic evidence submitted by economic consultants is facilitated before the EU courts. The class examines real case experience throughout the term.

## Language(s) of Instruction

English

## Host Institution Course Number
