**UCEAP Semester Units**

3.00

## Course Description

This course provides an overview of the history and methodology of comparative education with a focus on understanding the role of education in supporting development and/or peace in countries and communities around the world. Country case studies or cross-cultural comparative studies in international development contexts and/or in crisis and conflict-affected contexts are examined. The ways that education may be used to undermine development and peace will also be addressed.
