6.00

UCEAP Semester Units
4.00

Course Description

Labor law is a rapidly developing and highly topical branch of the law. It deals with the relationship between employers and workers and the relationship between trade unions, their members, and employers. Thus labor law will affect most students at some stage of their working lives. It has also become an increasingly important part of many legal practices. The course is taught by seminar method. This is the semester version of the full year course.

Language(s) of Instruction

English
