Course Description

This course is designed for students who have learned basic Japanese grammar, and have acquired a strong command of Hiragana and Katakana. This course is also for students who can speak and understand Japanese but have never studied Japanese language officially. It is a bridge-course between first level and second level Japanese language courses. Students develop a solid base of knowledge for Japanese through writing practice, in preparation for a smooth transition to the second level Japanese language course. Students write about familiar topics and experiences in a series of sentences using the first-level grammar and Kanji reviewed in the class, and read and write about 160 Kanji.
