Course Description

This course covers the theoretical approaches and methodological components within cultural memory studies concerned with minoritarian groups and affect/emotion: e.g. Nora, Stoler, Rigney, Trouillot, Said, Azoulay, Sharpe, Hartman, Muñoz, Mbembe, Campt, Arondekar. It provides an introduction into archives (theory) and memory, especially in relation to power by introducing the political and academic assessment of the post-colonial dimension of cultural memory, and the queer dimension of historical scholarship.
