Course Description
This course discusses the most resent and important events both regionally and internationally by referring to various media sources either written or visual. In addition, the course discusses a single news material by referring to multiple news agencies and makes comparisons between them. The course discusses topics including media-related vocabulary; the ideologies of news institutions and the way they present news materials to their viewers; political, economic, and social issues; and researching a single news subject through various sources. Placement in the course is dependent upon student proficiency level.
