## Course Description

This course on sociology of education presents the evolution of the school system and sociological theories on education. It is divided into 4 parts : presentation of the history of school, it's development and how it has transformed socialization conditions and family roles; inequalities in the French school system, how making school accessible to masses does not mean democratization; Impact of this massification on the meaning of school, and the notion of justice at school; new themes in sociology including school policies, differences between public and private education, and school evaluation matter.
