MEDICINAL PLANTS IN CHILE LITERATURE

**UCEAP Transcript Title**

MEDICINAL PLANTS/LIT

**UCEAP Quarter Units**

5.00

**UCEAP Semester Units**

3.30

## **Course Description**

This course examines different types of fictional and academic texts in which traditional peasant and indigenous knowledge associated with the medicinal plants is present in a broad corpus of poetry by Chilean women and members of the Wallmapu of the 20th and 21st centuries. It elaborates an ecology of epistemological knowledge or pluralism that allows the dialogue between popular and scientific knowledge, linked to religiosity, poetry and magic.

## **Language(s) of Instruction**
