HUMAN ECOLOGY: GEOGRAPHICAL PERSPECTIVES

**UCEAP Transcript Title**

HUMAN ECOLOGY: GEOG

**UCEAP Quarter Units**

6.00

**UCEAP Semester Units**

4.00

## Course Description

This course develops and encourages inclusive, cross-disciplinary debate surrounding the physical and human dimensions that characterize the relationship between people and resources. Students develop (1) an understanding of the human and physical characteristics that shape the relationships between people and resources; (2) analytical skills to assess these relationships; and (3) an awareness of the importance of a geographical approach to the study of the relationship between people and their resources.

## Language(s) of Instruction

English

## Host Institution Course Number

GEOG0007
