Course Description

This course is designed for the beginner student who has no prior knowledge of German and does not major/minor in German. It enables students to get familiarized with the German language and to deal with everyday situations during their stay in Berlin. Students develop basic communicative competences in listening, speaking, reading, and writing. The foremost goal is for students to be able to navigate through daily activities in a German-speaking environment, such as ordering food in a restaurant, shopping at the grocery store/supermarket, getting around in the city, and conducting simple conversations about oneself (studies, hobbies, and fields of interest). Textbook: Momente A1 by Sandra Evan, and additional material, which is primarily dealing with everyday situations, helps students develop their individual language skills. One of the foci of the course is placed on Berlin and its surroundings. Therefore, students work with authentic material in class and on course-related excursions.
