GLOBAL ENVIRONMENTAL GOVERNANCE

**UCEAP Transcript Title**

GLOBL ENVIRMNTL GOV

**UCEAP Quarter Units**

6.00

**UCEAP Semester Units**

4.00

## **Course Description**

This course examines the issues, actors, and processes that shape environmental governance at the transnational and global scales. Introductory lectures on the global environmental policy process introduce different scholarly perspectives informing recent and current research. These approaches are referred to as subsequent lectures address particular actor groups, processes, and issues. Students are encouraged to think critically about the ways in which the regulation of global environmental risk is framed and politically negotiated.

## **Language(s) of Instruction**

English

## **Host Institution Course Number**
