Course Description

This is a beginner’s course for international students. Students develop basic communicative skills in Norwegian. Students learn to make themselves understood both orally and in writing using basic vocabulary and basic grammatical structures. Examples of topics covered are talking about oneself and one’s family and hobbies. After completing the course, students are able to communicate about topics covered in the course. Students are able to express themselves coherently both orally and in writing. They are able to express thoughts and opinions about everyday topics. Their pronunciation is good enough to not disrupt communication. They are able to use and understand basic grammar covered in the course.
