8.00

**UCEAP Semester Units**

5.30

**Course Description**

In this course, students explore and analyze the actors, issues, processes, and political conditions involved in the making of American foreign policy in the post-Cold War era. To this end, the course introduces students to core concepts, theories, and approaches to the study of foreign policy making in the United States, including the institutions and processes of policy-making, the broader societal and cultural contexts of policy-making, the international systemic environment, U.S. foreign relations with specific countries and regions, and foreign policy since September 11, 2001.

**Language(s) of Instruction**

English
