Course Description

This course offers a general introduction for students to the literary history of China from the late Qing and Republican periods, to the current state of Chinese literature. It is conducted chronologically and organized according to certain themes. After looking at general issues, certain literary thoughts and the works of selected writers are examined. Breaking the traditional 1949 division, the literature produced in the second half of the twentieth century, and the important scholarship in the field of modern Chinese literature are introduced. Assessment: 60% coursework, 40% examination.
