Course Description

This course explores literary criticism and theory in Latin America and the theoretical foundations and critical and methodological contributions proposed for the study of Latin American literature. Topics include: Latin American literature in the 19th century and the problem of the formation of literature-- originality, independence, and nation; the professionalization of critical practice-- between tradition and modernity, nationalism and cosmopolitanism, and originality and dependence; theory and criticism of the testimony genre-- the problem of genres in literary theory, forms and types of testimony, subject and voices in testimony, and fiction in testimony.
