**Course Description**

This course examines what a national literature means, and how it makes itself significant to the nation and beyond. It will think about colonialism and colonial writing in Australia, modes of Australian social realism, the emergence of an Australian modernism, ways of representing region, suburb and city, postcolonialism in Australia, 'multicultural' writing, and Indigenous literature. The focus is on the novel, short stories, poetry and genres such as romance and the Gothic.

**Language(s) of Instruction**
English

**Host Institution Course Number**
