**UCEAP Semester Units**

3.30

## Course Description

This course examines the study of international relations from 'global south' perspectives, focusing on the question of development. It covers: Eurocentrism; capitalist modernity; the Western challenge; the expansion of Europe; the 'great divergence'; imperialism and colonialism; 'catch-up' strategies; state-led industrialization; the neoliberal approach of the Washington Consensus; the rise of China; urbanization; informalization and gender relations; migration; social movements and revolution; Covid-19; and climate change.
