Course Description

This course guides students to conduct "inquiry learning", in order to stimulate film research interests, expand artistic knowledge, and enhance artistic aesthetic experience. Through the course, students interpret Chinese and foreign classic films and establish universal application Movie analysis mode. Starting from the language of the film, it analyzes cases of excellent Chinese and foreign films, and explains and discusses the basic aesthetic characteristics of film art. It mainly involves six aspects of Chinese and foreign film history, film theme, film plot, editing and montage, picture language and sound effect dialogue.
