UCEAP Transcript Title INTRO PHIL OF LANG
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

This course is concerned primarily with the question of meaning: what is it for words or sentences to have meaning? In this course, students look at some of the most important theories offered by 20th-century philosophers in response to this question – theories that to this day continue to be hugely influential in linguistics and related fields. With each session focusing on the ideas of an individual thinker, students explore some of the most radical and provocative questions about language.
