Course Description

This course examines contemporary research on the topics of political economy of modern Russia. The course explores various perspectives of political, social and economic transitions in Russia and uses them to critically analyze Russia's transformation. Topics include domestic politics of Russia; social cohesion in Russia; social shocks, social confidence and health; features of Russia's economic development; market transition reforms and privatization; population politics in Soviet and modern Russia; interregional migration; and national identity and foreign policy. Text: Graham Gill and James Young, HANDBOOK OF RUSSIAN POLITICS AND SOCIETY.
