**Course Description**

This course is an introduction to the major theories of international relations. The objectives of this course include interpreting and describing international relations, studying a variety of explanations for various events and non-events, and considering various prescriptions or solutions to different kinds of problems. Through the course, students become more familiar with the various approaches to the study of International Relations, and with their particular strengths and weaknesses, they are more readily able to identify the options available to international actors and the constraints within which they operate.
