UCEAP Course Suffix
UCEAP Official Title FINANCIAL STATEMENT ANALYSIS
UCEAP Transcript Title FIN STATEMNT ANALYS
UCEAP Quarter Units 4.00
UCEAP Semester Units 2.70

Course Description
This course is concerned with various aspects of the analysis and interpretation of financial statements. In addition to examining the basic techniques of financial analysis, such as accounting and financial ratio analysis, the course places the interpretation and understanding of financial statements into a broader context by: considering the information needs of different stakeholders; linking the interpretation of financial statements to an organization's core strategies, risks, and opportunities; examining the role and importance of narrative reporting, and providing perspectives on the quality and reliability of accounting information.
