4.00

Course Description
This course explores how debates about history affect politics and citizenship in modern Latin America, focusing on the 1970s to the present, as Latin America experienced a shift from authoritarian (usually military) rule to civilian democracy. Topics include: state violence and human rights, truth commissions and transitional justice, professional historiography and public history, indigenous histories and politics, film and the mass media, neoliberalism, and literature and testimonial.

Language(s) of Instruction
English
