Course Description
This course introduces students to the area of gender and politics through the lens of comparative politics. This course examines central topics in the study of gender and politics, covering issues such as women's participation in social movements and political parties, women as voters and candidates in political elections, representatives and leaders, and women's descriptive and substantive representation. It also discusses gender equality, gender mainstreaming, and public policy. This course draws on examples from various world regions and time periods to analyze similarities and differences across cases around the world.
