Course Description

This course is an introduction to the field of public international law. The course covers major topics in this field, including sources of international law (treaties and customary international law); subjects (States and international organizations); the law of State responsibility; the prohibition on the use of force; and international dispute settlement. The course emphasizes learning how to read and understand international law instruments, such as states multilateral treaties and judgments of the International Court of Justice. The course discusses topics including sources and subjects of international law, state responsibility, prohibition on the use of force, jurisdiction, immunities, international dispute settlement, and international human rights law.
