Course Description

The course introduces the normative structure and theoretical foundations of Public International Law (PIL), alongside its institutional and procedural aspects. It also looks at the interplay between Public International Law and domestic legal systems, and between Public International Law and international relations, legal philosophy, and political science. A particular focus of the course is the relevance of Public International Law to the issues and challenges confronting the State of Israel. The course discusses core issues in Public International Law and their significance to the State of Israel, in light and based upon the unique needs and history of Israel.
