Course Description
The Student Entrepreneurial Empowerment Development (SEED) develops self-reliance, innovativeness, and entrepreneurship. It expands employment choices so graduates consider launching and operating their own businesses. This course discusses the basic characteristics of successful entrepreneurs, the risks and rewards of entrepreneurship and small business ownership, the importance of networking, the need to conduct careful business research and to develop business and marketing plans, organizations that support small business, relevant legislation including incentives applicable to small business, and the requirements of agencies responsible for supporting and financing small businesses.
