Course Description

This course is for students who have completed intermediate Chinese language study. This course examines Chinese society and culture through articles given by the teacher which practice reading and listening. The course uses vocabularies and structures learned from articles to discuss issues in class. This course not only improves Chinese reading and listening abilities, but also provides understanding of Chinese culture. Furthermore, students can use vocabularies and structures learned in this semester to introduce Taiwan or tell others the difference between Taiwanese culture and their home country's culture.
