UCEAP Transcript Title DISTRIBUTIV JUSTICE
UCEAP Quarter Units 4.50
UCEAP Semester Units

3.00

Course Description

This course explores how the burdens and benefits of social cooperation should, as a matter of justice, be distributed. It considers a range of answers that have been offered by some of today's most prominent analytical political philosophers, all based on the philosophical method of reflective equilibrium, and evaluates their arguments in detail to develop an understanding of the preferred conception of distributive justice.
