3.00

Course Description

This course examines the Asian diaspora in Latin America. It explores issues of immigration and cultural hybridity as related to descendants and national identity. This course discusses the intertwined relationships among power, representation, and cultural production. It engages visual culture, popular culture and film, and other media, as a means to underscore the role that cultural production has played in transforming, adapting, and sustaining normative ideas regarding ethnicity, gender, and sexuality in relation to citizenship.
