10.00

UCEAP Semester Units

6.70

Course Description

This course provides research training for exchange students. Students work on a research project under the guidance of assigned faculty members. Through a full-time commitment, students improve their research skills by participating in the different phases of research, including development of research plans, proposals, data analysis, and presentation of research results. A pass/no pass grade is assigned based on a progress report, self-evaluation, midterm report, presentation, and final report.
