Course Description
This course, utilizing theories and approaches of international relations, provides a comprehensive introduction to China's foreign policy and role in current world affairs. It examines the key events and factors that brought about the emergence of China in the 21st century. It also addresses how China deals with certain contemporary thematic issues such as territorial disputes and trade as well as how China deals with major powers and neighboring countries. The course examines the sources of conflict and cooperation in China's actions including their impact on regional and global politics. ASSESSMENT: attendance (10%), midterm exam (20%), paper (30%), final exam (40%).
