3.00

**UCEAP Semester Units**

2.00

**Course Description**

This course analyzes contemporary Japanese society and business from an ethical perspective. Through lecture and case discussion, the course looks for a balancing point of culturally contextualized management and globally acceptable norms for future international business. The course also discusses the strong points of Japanese style management which could be transferable to other cultures, and the weak points which would be universally unacceptable.

**Language(s) of Instruction**
