UCEAP Transcript Title INTL ECONOMIC POLCY
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description
This is an introductory course that examines policy issues of international dimension both from a theoretical and an empirical perspective. The course introduces the economic study of a number of current international "problems" and the policy alternatives to deal with them. It combines basic economic theory with applied analysis of policy, as well as illustrative case studies. Students develop the ability to discuss international economic issues while improving written communication and presentation skills.
