INTERNATIONAL TRADE

UCEAP Transcript Title
INTERNATIONAL TRADE

UCEAP Quarter Units
6.00

UCEAP Semester Units

4.00

Course Description
This course analyzes the causes and consequences of international trade. It examines the theoretical tools necessary to understand why countries trade, which goods are traded, what are the gains from trade and who enjoys them, and why multinational corporations may arise. The theoretical results are confronted with the data by reviewing the related empirical literature. This course also explores the reasons why countries may have an incentive to restrict or regulate international trade and study the tools of trade policy.

Language(s) of Instruction
English

Host Institution Course Number
