6.00

**UCEAP Semester Units**

4.00

## Course Description

This course explores public policy and public management and places these into their historical, political, and institutional contexts. The course develops an international comparative approach focusing on public management reform trajectories across high-, middle- and low-income settings and a selection of policy sectors. The course explores the nature and role of evidence and expertise across different settings and sectors through engagement with "wicked" policy problems.
