ADV SPAN: CI JUAREZ

UCEAP Quarter Units
4.50

UCEAP Semester Units
3.00

Course Description

Since January 1993, Ciudad Juárez has stood out for the high number of murdered women. It is at the beginning of this decade and in this city that the term "femicide" is generated: the violent death of women due to machismo or misogyny. Through different texts and media students investigate different aspects of this issue, as well as terminology, machismo, the economy, and drug trafficking in Mexico.
