UCEAP Semester Units

3.00

Course Description
This course gives students a conceptual framework aimed at understanding the role of the European Union in global affairs. The course considers if Europe can find its place as a supranational institution in a competition dominated again by nation-states. Topics covered include: the perspective on the World Trade Organization; challenges to the Paris accord on climate change; security concerns in the face of the weak commitment from the United States.

Language(s) of Instruction
English
