Course Description

The course is an introductory course on the creative aspects of the mass media, media art, new media and popular culture. The course aims to enhance creative, aesthetic as well as intellectual ability of evaluating different media art forms and expression. The course covers art theory, aesthetics, theories on creativity, technical and commercial aspects of various forms of production and popular culture. The course is a combination of lecture, plays, productions, workshops and discussions. Assessment: radio production, photo essay, video production, in-class discussion, work and presentation.
