Course Description

This introductory course provides an overview of detailed majors in pedagogy as a full-fledged preparation stage for teaching. It explores the overall knowledge of pedagogy as an instrumental knowledge of educational reality issues. Through this, it is expected that students will be able to form an integrated and organic perspective on education and pedagogy. The class focuses on problems discovered by educational philosophy, history, educational sociology, educational anthropology, educational psychology, curriculum, educational evaluation, educational administration, educational engineering, and educational counseling.
