Course Description

This course provides students the opportunity to explore contemporary site-based performance that focuses on ideas/practices of location; develop a theoretical context for site-based performance by investigating concepts of space, place, and landscape; practice theory and expand their knowledge and repertoire of performance making; enhance their knowledge of the contemporary performance field, and to show the extent to which performance is always part of larger spatial discourses and practices; and develop interdisciplinary and cross-disciplinary skills by showing how geographical and ecological concepts and texts inform contemporary theater practices.
