4.00

Course Description

This course provides students with an introduction to central themes and concepts in Sociology, and applies them to particular cases. Students learn what is distinctive about a sociological imagination of contemporary and historical concerns and helps them see how our individual lives are connected to global developments such as climate change, migration, and the advancement of digital technology. Students are also introduced to how class, gender, race, identity, and religion organize relations in an era of globalization.

Language(s) of Instruction
